present

THE INTERNATIONAL PIGEON REGISTRY

Whereas few pigeons already have actual names
Whereas the pigeon has developed unique urban skills vital to its survival
Whereas the pigeon is the official bird of the Al and/or Ed Show on WGN Radio
Whereas the pigeon makes a splendid meal for so many people throughout the globe
Whereas the pigeon has the tarnished reputation of being a dirty, filthy, lice-ridden bird
Whereas the pigeon is among the few birds to get really close to people, especially those with stale bread in their pockets

Therefore be it resolved that a pigeon residing at Daley Plaza has been named in your honor.
A mighty pigeon, swooping low above the rusted Picasso sculpture, now bears a "hello, my name is...." tag
with your name on it!

FOUNDATION**

A pigeon has been named after you. Use of your name is up to the sole discretion of the pigeon. In the event Al and/or Ed's International Pigeon Registry receives too many names for the available number of pigeons located at Daley Plaza, pigeons may receive multiple names. Your name will not be registered in a book at the Library of Congress. Questions regarding your pigeon may be directed to the Al and/or Ed Show, during the early evening, at (312) 591-7200. Void where prohibited. Your mileage may vary. FSLIC.

SPECIAL INSTRUCTIONS: HOW TO LOCATE YOUR BIRD!!

Locating your pigeon will be a fun activity for the entire family. Simply head down to the Daley Center with a hefty amount of stale bread. Stand on the base of the Picasso and throw handfuls of the crumbled bread over your head. As it showers down on you, loudly call out the name of your pigeon. You'll be surprised to find your pigeon quickly arriving at the scene. He'll probably bring several hundred of his friends. Make sure the family takes photos of you meeting your pigeon, as well as your subsequent arrest.

FIGURING OUT WHICH PIGEON IS YOURS

This is really quite simple. Look at the handy photo of your pigeon which we have provided. Notice that your pigeon is, indeed, dirty, filthy, disgusting and lice-ridden. Look for your pigeon's special mannerisms. These include bobbing of the head while walking, a purring-cooing sound, and the ability to make quite an impression on you from a height of 70 feet. Finally, look for the blue and white sticker on the bird's breast which says, "Hello, my name is.....". If it's your name, it must be your bird.
